Critical Health Services for Women & Children

In 2015, 6 million children under the age of five died—75% of them in their first year. Each day, approximately 800 women die from preventable causes related to pregnancy and childbirth—99% of these deaths occur in developing countries. The truth is that most of these deaths, for both women and children, can be prevented. MBF is committed to reducing those numbers and ensuring that mothers and babies have access to the quality care that they need for a healthy start to life.

- **$250** One delivery with pre- and post-natal care
- **$25** Pre-natal vitamins and iron supplements

Hospital & Clinic Support & Development

Much of what we do at MBF is helping our partners meet their most urgent and critical medical needs. The core of our work is to help each of our partners identify new or improved services or infrastructure changes that will help them to grow into the future. By investing in programs for direct patient care, we are helping our partners serve the poorest, most vulnerable in their communities who have absolutely no resources and nowhere else to turn.

- **$500** Training for doctors and nurses
- **$50** Renovate decaying facilities

Spiritual Ministry

While advancements in technology allow doctors to operate and correct what is wrong with the physical self, we know only God can heal the heart and mind. For all MBF partners, there is a deep desire to include a spiritual component in the care they provide to their communities, but the lack of funds creates an overwhelming challenge. By investing in spiritual ministry you can equip our partners to share the Gospel.

- **$400** Training for a doctor or nurse in spiritual ministry
- **$200** Provide Bibles and hymnals for church services

Nursing Schools & Scholarships

All major global health advocates recognize there is a significant shortage of nurses in developing countries. MBF works with schools around the globe that are praised for their integrity and fairness, and that are founded on solid, Christ-centered values. Nursing scholarships cost an average of $4,000 a year for one student and each nursing student has the potential to treat more than 50,000 patients over the course of their career. So by supporting one, you can help many.

- **$400** Share of a one-year nursing scholarship
- **$40** Supplies for a nursing school

Medical Ministry Greatest Needs Fund

Each of our projects addresses a very real need. From training nurses in Haiti to providing pre- and post-natal care to women in Malawi. However, important projects can sometimes be over looked. By designating your gift to the MBF Medical Ministry Greatest Needs Fund, you are helping men, women and children in developing countries gain access to much-needed health care.

- **$75** Support MBF’s mission of building sustainable medical ministries

Giving is a core tenant of Christianity. As believers, we strive to be imitators of God and give to others as he has given to us. MBF is dedicated to transforming lives by working with the indigenous church in developing countries to build sustainable medical ministries and share the Gospel. This year consider these Alternative Gifts—gifts of healing and hope for those most in need around the globe that will not only support quality patient care, but will also improve lives.
About MBF

MBF (Medical Benevolence Foundation) is a Christ-centered organization dedicated to transforming lives by building sustainable medical ministries in developing countries. Through long-term partnerships, MBF equips the indigenous church with tools and resources that allow them to meet the health care needs of their community and share the Gospel.

Our vision translates into a set of medical ministries that serve the poorest of the poor in the developing world:

- Nursing Schools & Scholarships
- Critical Health Services for Women & Children
- Hospital & Clinic Support & Development
- Spiritual Ministry

Matching Gifts

Does your company participate in a gift matching program? If so, you make an even greater impact. Check with your HR department today or contact us at info@MBFoundation.org and we can help.
