## **Policy: Record Retention and Document Destruction**

**Date:** Established: March 1, 2013

Revised: February 17, 2017

### **DOCUMENT RETENTION AND DESTRUCTION POLICY**

#### **Purpose:**

In accordance with the Sarbanes-Oxley Act, which makes it a crime to alter, cover up, falsify, or destroy any document with the intent of impeding or obstructing any official proceeding, this policy provides for the systematic review, retention, and destruction of documents received or created by MBF in connection with the transaction of organization business. This policy covers all records and documents, regardless of physical form, contains guidelines for how long certain documents should be kept, and how records should be destroyed (unless under a legal hold). The policy is designed to ensure compliance with federal and state laws and regulations, to eliminate accidental or innocent destruction of records, and to facilitate MBF's operations by promoting efficiency and freeing up valuable storage space.

Backup and recovery methods will be tested on a regular basis.

## Emergency Planning

MBF's records will be stored in a safe, secure, and accessible manner. Documents and financial files that are essential to keeping MBF operating in an emergency will be duplicated or backed up at least every week and maintained off-site.

## Document Destruction

MBF's chief financial officer is responsible for the ongoing process of identifying its records, which have met the required retention period, and overseeing their destruction. Destruction of financial and personnel-related documents will be accomplished by shredding.

Document destruction will be suspended immediately upon any indication of an official investigation or when a lawsuit is filed or appears imminent. Destruction will be reinstated upon conclusion of the investigation.

## Compliance

Failure on the part of employees to follow this policy can result in possible civil and criminal sanctions against MBF and its employees and possible disciplinary action against responsible individuals. The chief financial officer and finance committee chair will periodically review these procedures with legal counsel or the organization's certified public accountant to ensure that they are in compliance with new or revised regulations.
